

Form for planning of your enclosure climatization

Date: _____ Company: _____

Name: _____ Phone: _____ E-Mail: _____

Project/Application description: _____

Enclosure size (mm): Height _____ Width _____ Depth _____

Which enclosure surfaces allow no heat transfer? _____ Posing Height: _____ above sea level

Top__Bottom__Front__Back__Left__Right_____

Max.temp outside the enclosure (Tu max):_____C°

Max.desired temp inside the enclosure (Ti soll): _____C°

Min. anticipated temp outside the enclosure (Tu min):_____C°

Min. allowable temp inside the enclosure (Ti min):_____C° Relative humidity: _____ %

Min. allowable difference temp inside the enclosure (Td) (Switch on – switch off): _____ C°

Internal Heat Load / Total loss achievement build-in component?_____W

Case Material/ Colour : _____ Product/Art.Nr.: _____

Housing material isolated?_____ Art of Isolation?_____ Isolation thickness (mm) ? _____

Available acreage (mm): Top_____ Side_____ Door _____

Application? Indoor_____ Outdoor_____ Insolation?_____ Shadowing available?_____

Static _____ Mobile _____ Remote monitoring desired:_____

Geographical installation site (Country, Town) _____

IP-Protection:_____ Environment (Dust/Water/Corrosive?): _____

Cold water available?_____ Water temperature (°C): _____ Water flow (l/h): _____ Glycol proportion (%): _____

Voltage (V): _____ Operating Type? 50 Hz _____ 60 Hz _____ Certification: _____

Packing density:___low ___ normal ___ high Pictures/Drawing available? _____

Remarks: _____

Missing information in the inquiry is substituted with acceptances, for this we assume no liability!
